Pectin, Functional Fiber, and Natural Colors from H&F Group

(July 16, 2016)

Anshul Life Sciences and Herbstreith & Fox Group “H&F” have entered into a partnership to bring Pectin, Functional Fiber, and Natural Colors to Indian Market. There is a tremendous demand for these ingredients and Anshul plans to deliver value to its customers via this partnership for ensuring that customers unmet needs are met.

Herbstreith & Fox Corporate group “H&F” has a rich 75 year’s history for being a prominent producer of high quality raw materials for the food industry. Via its subsidiaries it manufactures:

- Highest quality functional ingredients that include classic, amidated, and combination pectins. These pectins find application in various applications such as Jams & Jellies, Confectionary, Glazes, Fruit Preparations, and Pharmaceuticals.
- Cutting edge functional Apple & Citrus fruit based Fibers that can be an alternative to existing stabilizers.
- A range of Natural Apple based colors.
